VIFAS is geared to help parents and families in the state of Ohio to connect with each other's resources. This goal is to work together as a state and not just a county!

VIFAS wants to be that vehicle for you to find what you are looking for when it comes to visually impairment/ blind services and resources.

## Who We Are

VIFAS was formed to help create awareness within our communities

VIFAS has partnered up with local school districts and community events to create a series

of workshops. These workshops are designed to reach out to teachers, students, family and friends in our local community
